

We Want Your CANS for Our BOOBS

Team FAB (For All Boobs) wants to collect your soda cans and bottles to help raise funds for the Breast Cancer 3-day. This is an easy way that you can help us reach our \$7,000 goal.

You can help us by recycling your cans or bottles at a nearby recycling center and collecting the proceeds. Then, donate the money to us in the form of cash or check.

If you're unable to take your recyclables to a center, we can help by picking them up (if you live in the San Diego area). To schedule a pick-up, you can email any of the team members or our Fundraising Manager (Erika).
